This project has received funding from the EU's H2020 research and innovation programme under grant agreement no 732947

frontierCities² CALLS FOR PROPOSALS

- ✓ For cities looking to trial and/or deploy existing (and future) smart cities applications
- ✓ For EU-based start-ups/SMEs looking to develop and/or commercialise a smart cities application using FIWARE technology

What is it?

An EC-funded Acceleration Programme under the EC's FIWARE programme - www.fiware.org, supporting SMEs and start-ups to develop, test and commercialise innovative smart city solutions using FIWARE. Described as best practice by an independent EC review, the previous programme included 28 companies trialling/deploying solutions in 40+ cities across Europe!

frontierCities² will build on the success to-date, expanding the network of trial and deployment cities to 100+ cities!

frontierCities² Calls for Proposals are open now!

Opportunities

for Cities!

Promote the Calls to SMEs and Start-ups in your city!

Be the trial partner city in a FI-TECH Call – with an SME/Start-up applicant developing a solution that your City needs?

Explore existing trialled solutions from frontierCities!

for SMEs and Start-Ups

Market Acceleration Grants to help bring existing tested solutions to new cities and markets

From € 25.000 to € 75.000

FI-Tech Development & Acceleration Grants for developing & deploying new FIWARE-enabled solutions

From € 40.000 to € 100.000
